Energy Audit Report

Introduction:

Sir Rashbehari Ghosh Mahavidyalaya was established through a notification of the Government of West Bengal (Memo No. 608-Edn 9CS)/4C-60/10, dated 05.08.2010). The College got its conditional affiliation when the University of Burdwan directed to start the academic programme through its Letter No. IC/Affln/P/179/518, dated 18.08.2010. The college is surrounded by greenery. At its inception, the College offered a three-year degree Course in Arts with the subjects available – Bengali, English, History, Political Science and Sanskrit in the Academic Session 2010-2011. Eventually, the College was started on 15th September, 2010 with 59 students, 5 temporary teaching staff and 2 temporary non-teaching staff in the building of Ukhrid High School (Morning Shift). The building of the College was initiated through a grand ceremony on 10th October 2010 in the presence of the then Chief Minister of the Government of West Bengal. Further development occurred when the College got permission from the University of Burdwan to start Honours Course in English and History. From the Academic Session 2013-2014, three more subjects were added to the honours courses – Bengali, Political Science and Sanskrit and one more subject was added to the general courses - Philosophy. From the Academic Session 2016-2017, Philosophy Honours and Education General were also introduced. The College is now offering six Honours and seven General Courses to almost 250 students with the help of a Principal, five Assistant Professors, 17 SACTs, a temporary Clerk and a temporary Office Bearer. The College is still suffering from severe infrastructural and financial problems.

- College has formed an efficient audit team comprising of the teachers and staff of the college who conducts the study thoroughly and regularly and prepares a detailed report with specific suggestions.
- Installations of energy efficient star rated devices, LED lighting system is underway and they are in course of replacing all the old devices with the newer efficient devices.
- Some of the good practices of switching off the light and fans when not in use and installations of automatic switching system is suggested.

However, after detailed examinations of the report and physical verification it is noted that, some of the practices are required to be followed or added by the College in implementing the energy Policy of the institution and the applicable standards. In addition, certain processes could benefit from further review in order to improve their efficiency, fairness and consistency.

Statement of Assurance:

In our professional judgment, as far as possible and appropriate audit procedures were completed and evidence gathered to support the accuracy of the conclusions reached and contained in this report. We hope that the time to time Energy Audit will provide an accurate snapshot of the college's betterment at this point in time, and that it will aid the campus in prioritizing positive steps it can take to improve overall sustainability. We intend this document to be revisited annually and updated by the college.

Recommendations:

College should develop solar energy generation system as green initiative.

Installations and replacement of all the old devices is to be considered in phases.
